April 15,2018 Mr. Zack Hagar 413 Travis Street Lafayette, Louisiana 70503

Reference: Phase I Environmental Site Assessment Undeveloped Property Blue Andrus Property in

Grand Coteau, St Landry Parish, Louisiana 70541

Dear Mr. Hagar,

This report presents the results of the A & M Associates, Inc., Phase I Environmental Site Assessment, conducted for the Subject Site located off I-49 North, Grand Coteau, Louisiana 70541. The findings herein are based upon an on-site inspection conducted on March 29, 2018 by A & M personnel; various interviews with local and state officials; a search of available historic information sources; and a regulatory database search.

This environmental site assessment was prepared under the requirements and parameters as defined under ASTM 1527-05. ASTM standards have been designed to clarify and streamline Phase I Environmental Site Assessments and to provide a working framework for investigating a Subject Site. The ASTM standards are generally accepted as an industry standard. Any third party necessarily has different interests, purposes, and motives than the client regarding this assessment. Thus, use of this report by any third party is expressly prohibited without written authorization from Zach Hagar, and A&M Associates Inc., and the third party's written agreement to accept the limitations on liability and indemnification that were part of the agreement to perform the study and prepare this report.

A&M appreciates the opportunity to have been of service to you in this matter. If you have any questions, please contact us at (337) 514-2112.

Sincerely,

Bryan Benoit President

A & M Associates, Inc.

#### **EXECUTIVE SUMMARY**

- The Subject Site is located off I-49 North Service Road, Grand Coteau, Louisiana 70541 and is composed of tracts of land:
  - Item One (1): All of Donor's right, title and interest in and to a certain tract or parcel of land, lying and being in the Parish of St Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 Acres, and being bounded now or formerly, as follows: On the north by property of Charles J Andrus: on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U.S. Highway No 167 (now named Interstate 49 north). LESS AND EXCEPT: recorded at COB U-19, P. 550, File No. 591037, St Landry Parish Louisiana records. Said property was acquired by Merlyn F. Andrus by Act of Donation filed at Act No. 572464 and Act of Exchange filed at Act No. 572465, St Landry Parish, Louisiana Records.
  - Item Two (2): All of Donor's right, title and interest in and to a certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65 in Township 7 South, Range 4 East, containing 16.2 Acres, and being bounded on the northerly side by other properties of Vendors; on the easterly side by a parish road; on the southerly side by the properties of Mrs. Mathide Guidry, et al or assigns; and on the westerly side by the northeasterly right of way limits of U.S. Highway 167, LESS AND EXCEPT: the portions thereof sold to the State of Louisiana Department of Highways by Instrument recorded at COB U-19, P. 550 File No. 591037, St Landry Parish, Louisiana records; being the same property acquired by Merlyn F. Andrus and wife Beatrice Fournier Andrus by instrument recorded in Book U-16, P. 149, File 537687, St Landry Parish, Louisiana.
  - The Subject Site has approximate GPS coordinates of North 30°25' 41.26" and West -92°3' 37.41".
     The property is located off I-49 North, Service Road, Grand Coteau, La. 70541. The elevation 49.0 above sea-level. USGA TOPO MAP-Property Map 5620608 Sunset La. Version 2012.

#### **INTERVIEWS:**

- An interview was conducted by Bryan Benoit with, Kevin Smith, Fire Chief with Sunset Fire Department and as his positions as one of the Local Fire Chief for the Mutual Aid Area of Fire Districts #5, Grand Coteau and Sunset Fire Department's. He stated he has been with the Sunset Fire Department for 17 years and has
  - responded to numerous fires and incidents in the area in and around the Grand Coteau and Sunset areas. To date they have never responded to any incidents at
  - the Subject Site. He also stated that the property was undeveloped farmland used primary as grassland for grazing cattle. Chief Smith also added to the best of his
  - recollection that the Subject Site had of no environmental concerns, such as hazardous waste, garbage dumping, or UST associated with the Subject Site.
- An interview was conducted with Chief Smith of the City of Sunset Fire Department. He indicated that he knew of the Subject Site and of the adjoining areas. Chief Smith concluded by stating that, the Sunset, Grand Coteau Fire Department and District 5 Fire Department records indicated that the Fire Department has never responded to a fire at this location. The property was undeveloped farmland. Chief Smith knew of no environmental concerns with the Subject Site.
- An interview was conducted on April 9, 2018 with The St Landry Parish Government Planning and Zoning Administrator, Val Theroit. The following was discussed in the interview, The Guidry and Andrus Family Property is not zoned. The St Landry Parish Government has no zoning within the

A&M DOC # 150104152018 1 | Page

- parish properties. Zoning is limited to the city limits of the municipalities in the Parish. See a no Zoning letter in the Appendix J marked Zoning
- The City of Grand Coteau has run an 8" water line for both Fire Protection and consumption as per David Nevills, City of Grand Coteau, Town Supervisor. The line is approximately 100 feet Southwest of the Property's front gate along I-49 North Service Road. The City of Grand Coteau has also run the Sewer Main. The Main runs behind C&G Containers on the East side of their property.
- Spoke with Mr. Michael Broussard, Senior Scientist, Department of Environmental Quality to
  determine if any DEQ files existed for the Subject Site. Mr. Michael Broussard indicated there were
  no files or AI # associated with the Subject Site. A review of LDEQ EDMS files confirmed that the
  Subject Site was not in the EDMS Data Base. He also stated there was no reason for the LDEQ to
  assign a AI# to the Subject Site.

#### RESEARCH:

- According to EDR, the Subject site has been determined to have no environmental liens against it.
- According to EDR Property tax files and Chain of Title did not identify and obvious uses of the Subject Site. The following historical sources were not used as they were not reasonably ascertainable or, based on experience, not likely to be sufficiently useful, accurate or complete in terms of identifying all obvious uses of the Subject Site: City directories were not reviewed due to the project time constraints.
- The following sources were used to determine past and current uses of the Subject Site and adjoining properties: Aerial Photographs; Sanborn Maps; Historical Topographic Maps; Site Contact Interview; Fire Department Interview; Zoning Search; DEQ Interview. Sanborn maps could not be obtained by EDR as the property is unmapped for Sanborn Maps.
- According to EDR, Historical Topographic maps from 1957, 1970, 1983, 1998, and 2012 were available. The maps indicate the Subject Site is in an area that has been developed farmland since 1957. No environmental concerns were noted with the Subject Site.
- Aerial photographs for the years 1969, 1976, 1981, 1985, 1990, 1998, 2004, 2007, 2010 and 2015 were obtained from EDR. The photographs revealed that the Subject Site was not developed until around 1957 and no environmental concerns were noted.
- Based on the site inspection and the interview, no visible indicators of underground storage tanks (USTs).
- Based on the inspection of the Subject Site and adjoining properties, visual observations show no
  obvious indications of contamination from the use of the land. Hazardous substances, such as
  stressed vegetation; noxious odors, pools of liquid, standing surface water; pools or pits, cisterns,
  drums, cesspools or similar
  - receptacles likely to contain hazardous substances. A & M's site inspectors did not observe any pits, ponds or lagoons used about waste disposal and likely to contain hazardous substances on the Subject Site or adjoining properties; any wastewater discharges into a drain, ditch or stream on the Subject Site and adjoining properties.
- Based on the site inspection, review of EDR reports, and a Louisiana Department of Environmental Quality Database search, the Subject Site does not hold any environmental permits.

A&M DOC # 150104152018 2 | Page

- Based on the information obtained during the site inspection, the interviews, the historic review and the review of the EDR reports, A&M finds no recognized environmental conditions for the Subject Site located off I-49 North Service Road, Grand Coteau, St Landry Parish, Louisiana.
- Based on the site inspection, there are signs of old products left on site. No visible evidence of dumping of hazardous waste exists at the Subject Site. The generation, storage, treatment or disposal of hazardous wastes does not appear to currently occur or to have occurred on the Subject Site, nor does there appear to be any history of such activities.
- Based on the site inspection, there has been no dumping of hazardous waste in this area. The
  generation, treatment, storage, or disposal of hazardous wastes does not appear to currently occur
  or to have occurred on the Subject Site, nor does there appear to be any history of such activities.
- Based on the site inspection, there are no transformers located at the Subject Site.
- Based on the information obtained during the site inspection, the interviews, the historic sources
  review and the review of the EDR reports, I could not find any other environmental conditions for
  the Subject Site located of I-49 North Service Road, Grand Coteau, St Landry, Louisiana.

#### LIMITING CONDITIONS AND METHODOLOGY

 Chain of Title and Property Tax Files were reviewed, and they did not identify an obvious use of the Subject Site. Nor did they indicate any environmental impact for the Subject Site. Various historical sources provided substantial information.

#### SITE DESCRIPTION

#### Location

- The Subject Site is located off I-49 North, Service Road, Grand Coteau, St Landry Parish, Louisiana, and is composed of tracts of land:
  - Item One (1): All of Donor's right, title and interest in and to a certain tract or parcel of land, lying and being in the Parish of St Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 Acres, and being bounded now or formerly, as follows: On the north by property of Charles J Andrus: on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U.S. Highway No 167 (now named Interstate 49 north). LESS AND EXCEPT: recorded at COB U-19, P. 550, File No. 591037, St Landry Parish Louisiana records. Said property was acquired by Merlyn F. Andrus by Act of Donation filed at Act No. 572464 and Act of Exchange filed at Act No. 572465, St Landry Parish, Louisiana Records.
  - Item Two (2): All of Donor's right, title and interest in and to a certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65 in Township 7 South, Range 4 East, containing 16.2 Acres, and being bounded on the northerly side by other properties of Vendors; on the easterly side by a parish road; on the southerly side by the properties of Mrs. Mathide Guidry, et al or assigns; and on the westerly side by the northeasterly right of way limits of U.S. Highway 167, LESS AND EXCEPT: the portions thereof sold to the State of Louisiana Department of Highways by Instrument recorded at COB U-19, P. 550 File No. 591037, St Landry Parish, Louisiana records; being the same property acquired by Merlyn F. Andrus and wife Beatrice Fournier Andrus by instrument recorded in Book U-16, P. 149, File 537687, St Landry Parish,

A&M DOC # 150104152018 3 | Page

Louisiana.

The Subject Site has approximate GPS coordinates of North 30°25' 41.26" and West -92°3' 37.41". The property is located off I-49 North, Service Road, Grand Coteau, La. 70541. The elevation 49.0 above sea-level. USGA TOPO MAP-Property Map 5620608 Sunset La. Version 2012.

#### **Site Interviews**

An interview was conducted by Bryan Benoit with Paulette Alleman, land owner and the sites contact. She stated that the property had been in the Andrus Family since the early 1925. The land was developed as farmland during the early 1950's when the family started raising cattle, and planting Soybeans and other crops. Family stop planting crops on the property. Land has not been farmed for Soybeans in nearly 20 years. The Andrus raised cattle on the property through 1990-2000's. The land is presently being leased to Stewart Garnier, Farmer/Rancher, from Grand Coteau, Louisiana. Stewart Garnier has been leasing the property for the past 7 years. Mr. Garnier operations is a strict grass feed beef cattle operation. Mr. Stewart does not employ any herbicide's or pesticides for his having operation and feed lot operations. Mrs. Alleman stated, to the best of her knowledge, there has been no dumping of hazardous waste at the Subject Site. The generation, storage, treatment or disposal of hazardous wastes does not occur at the Subject Site, nor does there appear to be any history of such activities. As far as Mrs. Alleman knows of, no environmental concerns associated with the Subject Site. The Andrus Family is developing this property for commercial use. The City of Grand Coteau has plans to annex the property along with the C&G property next door. The City of Grand Coteau has no zoning ordinances, but they do have a 2%sales and use tax and a 2% hotel occupancy tax in the Grand Coteau Economic Development District No. 1.

#### **Site History**

- The following sources were used to determine past and current uses of the Subject Site and adjoining properties: Aerial Photographs; Sanborn Maps; Historical Topographic Maps; Site Contact Interview; Fire Department Interview; Zoning
- Search; DEQ Interview. Sanborn maps could not be obtained by EDR as the property is unmapped for Sanborn Maps.
- According to EDR, Historical Topographic maps from 1957, 1970, 1983, 1998, and 2012 were available. The maps indicate the Subject Site is in an area that has been developed farmland since 1957. No environmental concerns were noted with the Subject Site.
- Aerial photographs for the years 1969, 1976, 1981, 1985, 1990, 1998, 2004, 2007, 2010 and 2015
  were obtained from EDR. The photographs revealed that the Subject Site was not developed until
  around 1957 and no environmental concerns were noted.

#### Site Use

The Subject Site has a history of uses: The property has been in the Andrus Family since the 1925.
 Information taken from EDR Aerial Photo Package 1969 map show the land is being used as agricultural as the rest of the land in the immediate area.

A&M DOC # 150104152018 4 | Page

#### **Adjacent Property Uses**

- **North** -Developed Grasslands for Haying and Cattle Operations.
- East Developed Fenced off Grasslands for Haying, Cattle Operations and Wooded Areas.
- **South** C&G Containers LLC., an industrial Oil Field Supply Company.
- West I-49 North Interstate.
- A&M found no signs of any cemeteries located on the site.
- Subject Site is fenced in with gates located on the south ends of the property. Fencing material is 2 different types of materials, first-hog wire 4'x4" at the bottom. The hog wire is topped with 3 strands of barb wire.
- There are no paved areas on the property.

#### **ENVIRONMENTAL SITE ASSESSMENT**

The Subject Site has no environmental points to address.

#### Site Reconnaissance

- A&M Associates, Inc. staff visited the Subject Site for completing the site inspection portion of this
  investigation.
- Based on the inspection of the Subject Site and adjoining properties, visual observations show no obvious indications of contamination from the use of hazardous substances, such as stressed vegetation; noxious odors, pools of liquid, standing surface water; pools or pits, cisterns, drums, cesspools or similar receptacles likely to contain hazardous substances. A&M Associate's site inspector did not observe any pits, ponds or lagoons used about waste disposal and likely to contain hazardous substances on the Subject Site or adjoining properties; any wastewater discharges into a drain, ditch or stream on the Subject Site and adjoining properties. Based on the site inspection, no visible evidence of dumping of hazardous waste exists at the Subject Site. The generation, storage, treatment or disposal of hazardous wastes does not appear to currently occur or to have occur on the Subject Site, nor does there appear to be any history of such activities.

#### Water and Wastewater Service

- Water is supplied by The City of Grand Coteau Water Department.
- Sewer is provided by The City of Grand Coteau Waste Water Department.

#### **Other Utilities**

- Electricity-Based on the site inspection and interviews with Patrick Stewart, St Landry Public Works Supervisor, Entergy Company has a franchise agreement for electricity for the parish and the Subject Site.
- Natural Gas- The City of Grand Coteau supplies natural gas for the area.
- Based on the site inspection and interviews with Angie Dugas, Grand Coteau, Town Clerk:
  - Telephone-Allen TV Cable Service
  - o Internet Provider-Acadiana Broadband
  - Phone Service-CenturyLink
  - Satellite-Subscribers can sign-up with either Dish or Direct TV

A&M DOC # 150104152018 5 | Page

#### Solid Waste

 Based on the site inspection and interviews with Tammy Hollier, St. Landry Governmental Public Works Waste Connection/Progressive Waste has a franchise agreement for Solid Waste for the parish and the Subject Site

#### Geology/Hydrogeology

• The Subject Site is located on the Northern Humid Gulf Coastal Prairies physiographic province of Louisiana. Geologically, the area consists of flat coastal plain with innumerable low circular mounds and occasional low coastal ridges and indistinct relict fluvial channels. Low-gradient rivers and streams, some channelized. Rock Stratigraphic Unit Era is Cenozoic. System is the Quaternary System of the late Pleistocene Era. Subject site is Silt Loam Class B, C & D-very slow infiltration rates, Soils are Lean Clay, fine-grained soils silts and clays, have high water table, or a shallow impervious layer.

#### **Surface Hydrology**

• The Subject Site lies 49.00 feet above sea level, based on the information provided on USGS5620608 SUNSET, LA – 2012, Louisiana topographic map of the area (2012). However, ground surface elevations may have been altered by development of I-49 North and the Service Road. so the actual elevation of the Subject Site may not agree with the map. The surrounding area is relatively flat. State highways streets, residential and farmlands dominate the topography of the area. Storm water runoff in the area is conveyed by a manmade drainage system to the north and east.

#### **Subsurface Hydrology**

 The shallow groundwater table at the site is expected to be encountered from 2 to 7 feet below ground surface. In general, groundwater flow is expected to fluctuate seasonally with respect to the regional groundwater flow.

#### **Water Wells**

 There are sixteen (16) water wells within the 1-mile radius of the Subject Site. The wells are screened in several different levels. The water is generally used to support rural homes and agriculture uses in the area.

#### Herbicides, Pesticides, and Chemical Use

- Based on the site inspection, and interview with Mrs. Alleman herbicides and pesticides are not currently used on the Subject Site. The Subject Site is used primarily for a cattle and grassland operations. The Subject Site shows signs of having operations as well as cattle grazing.
- There are no chemicals being housed on the property. I found no other chemical storage noted on the Subject Site.

#### **Hazardous Waste**

Based on the site inspection, there has been no dumping of hazardous waste in this area. The
generation, treatment, storage, or disposal of hazardous wastes does not appear to currently occur
or to have occurred on the Subject Site, nor does there appear to be any history of such activities.

A&M DOC # 150104152018 6 | Page

#### Mold

 Based on the site inspection, with no building on subject site, no visible evidence of mold growth exists at the Subject Site.

#### **Transformers**

Based on the site inspection, there are no transformers on the Subject Site.

#### **Permits**

Based on the site inspection and the review of EDR reports, the Subject Site does not have any
environmental permits.

#### **REGULATORY DATABASE**

• This section describes the record review performed to identify any potential environmental problems or releases that may have resulted from activities at this or adjacent sites and which may have affected the Subject Site. A&M Associates, Inc. contracted with a regulatory data retrieval firm (EDR) to provide us with available, current and appropriate regulatory database records. A&M Associates, Inc. also conducted a regulatory database search for the Subject Site. This record review was comprised of researching the following records or regulatory jurisdiction:

#### Federal Reports

- National Priorities List (NPL)
- Facility Index System (FINDS)
- Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS)
- Resource Conservation and Recovery Act Notification System (RCRA)
- Emergency Response Notification System (ERNS)

#### State Reports

- Underground Storage Tank Facility Information (UST)
- Leaking Underground Storage Tanks (LUST)
- State Hazardous Waste Sites (SHWS) (State Equivalent CERCLIS Sites)
- State Landfill List (SL)
- AUL sites

#### **Regulatory Database Retrieval Results**

- The complete EDR database search is attached as Appendix B. Environmental database searches
  provided by EDR are generated according to the zip codes of the study area. Also provided is a
  radius status report that maps sites of potential concern that are within a 1-mile radius of the Subject
  Site.
- There is no site within the 1-mile radius reported by EDR for this research. Based on the names, addresses and locations listed by EDR for these sites, a review of the area map, a driving reconnaissance and/or an internet address/mapping check indicates that no sites pose a concern to the Subject Site.

Summarized below are brief descriptions of each regulatory database and the number of entries in the area from each.

A&M DOC # 150104152018 7 | Page

**National Priorities List**. The National Priorities (Superfund) List (NPL) is the Environmental Protection Agency's (EPA) database of uncontrolled or abandoned hazardous waste sites identified for priority remedial actions under the Superfund. Program. To be included on the NPL, a site must either meet or surpass a predetermined hazard ranking systems score, or be chosen as a state's top-priority site, or meet all three of the following criteria:

- (1) the U.S. Department of Health and Human Services issues a health advisory recommending that people be removed from the site to avoid exposure;
- (2) EPA determines that the site represents a significant threat; and
- (3) EPA determines that remedial action is more cost-effective than removal action.
- No NPL sites were reported by EDR within a 1-mile radius of the Subject Site.

**The Facility Index System.** The Facility Index System (FINDS) is a compilation of any property or site which the EPA has investigated, reviewed, or been made aware of on connection with its various regulatory programs. Each record indicates the EPA Program Office that may have files on the site or facility.

The Subject Site was not listed as a FINDS site.

Comprehensive Environmental Response, Compensation and Liability Information System. The CERCLIS List is a compilation by EPA of the sites which EPA has investigated or is currently investigating for a release or threatened release of hazardous

substances pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (Superfund Act).

• No State Hazardous Waste Sites (SHWS) (State Equivalent CERCLIS Site) were reported by EDR within a 1-mile radius of the Subject Site.

**Resource Conservation and Recovery Act Notification System**. The EPA's Resource Conservation and Recovery Act (RCRA) Program identifies and tracks hazardous waste from the point of generation to the point of disposal. The RCRA Facilities database is a compilation by EPA of reporting facilities that generate, store, transport, treat or dispose of hazardous waste.

- No RCRA CORRACTS sites were reported by EDR in a 1-mile radius of the Subject Site.
- No RCRA TSD sites were reported by EDR within a 1-mile radius of the Subject Site.

**Emergency Response Notification System**. The Emergency Response Notification System (ERNS) is a national database used to collect information on reported releases of oil and hazardous substances. The database contains information from spill reports made to federal authorities including the EPA, the US Coast Guard, the National Response Center, and the Department of Transportation.

• The Subject Site was not listed as an ERNS site by EDR.

**Underground Storage Tanks**. EDR conducts a database search to identify all UST sites within the area of study.

• There were no UST sites reported by EDR within a 1-mile radius of the Subject Site.

**Leaking Underground Storage Tanks**. EDR conducts a database search to identify all sites within a 1-mile radius of the study area.

There were no LUST sites reported by EDR within a 1-mile radius of the Subject Site.

A&M DOC # 150104152018 8 | Page

**Historical Leaking Underground Storage Tanks**. EDR conducts a database search to identify all Historical LUST sites within a 1-mile radius of the study area.

No Historical LUSTs are sites that have been remediated and closed out by the DEQ.

**State Landfill List**. The state maintains a listing which inventories solid waste landfills, incinerators, and transfer stations.

There were no State Landfills reported by EDR within a 1-mile radius of the Subject Site.

**AUL.** A notice of contamination and restriction of property to non-residential use are placed in the conveyance records for the property.

• There were no AUL reported by the EDR within a 1-mile radius of the Subject Site.

**REM**: Facilities or sites come to the Underground Storage Tank and Remediation Division either through self-notification or referral. These sites are designated for remediation via the following regulatory paths: Solid Waste (SW), Hazardous Waste (Has Waste), Groundwater (Grwater), Inactive & Abandoned Sites (Confirmed or Potential), or Underground Storage Tanks (UST).

No REM sites reported by EDR in a 1-mile radius of the Subject Site.

#### **SUMMARY AND CONCLUSIONS:**

Based on the information obtained by A&M Associates, Inc. during the Phase I Environmental Site Assessment, the following summary and conclusions are presented:

- The Subject Site is located off I-49 North Service Road, Grand Coteau, Louisiana 70541 and is composed of tracts of land:
  - Item One (1): All of Donor's right, title and interest in and to a certain tract or parcel of land, lying and being in the Parish of St Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 Acres, and being bounded now or formerly, as follows: On the north by property of Charles J Andrus: on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U.S. Highway No 167 (now named Interstate 49 north). LESS AND EXCEPT: recorded at COB U-19, P. 550, File No. 591037, St Landry Parish Louisiana records. Said property was acquired by Merlyn F. Andrus by Act of Donation filed at Act No. 572464 and Act of Exchange filed at Act No. 572465, St Landry Parish. Louisiana Records.
  - Item Two (2): All of Donor's right, title and interest in and to a certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65 in Township 7 South, Range 4 East, containing 16.2 Acres, and being bounded on the northerly side by other properties of Vendors; on the easterly side by a parish road; on the southerly side by the properties of Mrs. Mathide Guidry, et al or assigns; and on the westerly side by the northeasterly right of way limits of U.S. Highway 167, LESS AND EXCEPT: the portions thereof sold to the State of Louisiana Department of Highways by Instrument recorded at COB U-19, P. 550 File No. 591037, St Landry Parish, Louisiana records; being the same property acquired by Merlyn F. Andrus and wife Beatrice Fournier Andrus by instrument recorded in Book U-16, P. 149,

A&M DOC # 150104152018 9 | Page

- File 537687, St Landry Parish, Louisiana.
- The Subject Site has approximate GPS coordinates of North 30°25' 41.26" and West -92°3' 37.41". The property is located off I-49 North, Service Road, Grand Coteau, La. 70541. The elevation 49.0 above sea-level. USGA TOPO MAP-Property Map 5620608 Sunset La. Version 2012.
- 1. Based on the site inspection, no visible indicators of underground storage tanks (USTs) were observed on the Subject Site.
- 2. Based on the inspection of the Subject Site and adjoining properties, visual observations show no obvious indications of contamination from the use of hazardous substances, such as stressed vegetation; noxious odors, pools of liquid, standing surface water; pools or pits, cisterns, drums, cesspools or similar receptacles likely to contain hazardous substances. A&M Associates' site inspector did not observe any
- pits, ponds or lagoons used in connection with waste disposal and likely to contain hazardous substances on the Subject Site or adjoining properties; any wastewater discharges into a drain, ditch or stream on the Subject Site and adjoining properties.
- 4. Based on the site inspection, there has been no dumping of hazardous waste at the Subject Site. The generation, storage, treatment or disposal of hazardous wastes does not appear to currently occur or to have occurred on the Subject Site, nor does there appear to be any history of such activities.
- 5. A&M reviewed EPA Data Base, LDEQ EDMS, and EDR Environmental Data Base No Environmental Liens are attach to this tract of property.
- 6. Based on the information obtained during the site inspection, the interviews, the historic sources review and the review of the EDR reports, A&M Associates, Inc. did not find any recognized environmental conditions for the Subject Site located off I-49 North Service Road, Grand Coteau, St Landry Parish, Louisiana.

I based my own conclusions as well as from the reports with the information provided through site visits, interviews, National, State, and Local data bases searches, I see no environmental reasons to hold this sale off I see NO FURTHER ACTION BEING TAKEN, PHASE ONE APPROVED. This environmental site assessment was prepared under the requirements and parameters as defined under ASTM E 1527-05. ASTM standards have been designed to clarify and streamline Phase I Environmental Site Assessments and to provide a working framework for investigating a Subject Site. The ASTM standards are generally accepted as an industry standard. Any third party necessarily has different interests, purposes, and motives than the client with regard to this assessment. Thus, use of this report by any third party is expressly prohibited without written authorization from A & M Associates and the third party's written agreement to accept the limitations on liability and indemnification that were part of the agreement to perform the study and prepare this report.

DEPUTY CLERK

#### donation inter vivos

BEFORE ME, Notary Public, duly commissioned and qualified, in and for the Parish of St. Landry, State of Louisiana, therein residing, and in the presence of the undersigned competent witnesses, personally came and appeared:

BEATRICE FOURNIER ANDRUS, SSN \_\_-\_-6670, widow of Merlyn Francis Andrus, a woman of the full age of majority whose present address is P.O. Box 204, Grand Coteau, LA 70541, hereinafter referred to as "donor",

who declared that in consideration of the love and affection which donor has for her daughters (donees), donor does, by these presents, irrevocably donate inter vivos, give, grant, transfer and set over to the separate estates of Donees, with all legal warranties and with full substitution and subrogation in and to all rights and actions of warranty which said donor has or may have against all preceding owners and vendors, and deliver unto donees:

PAULETTE MARIE ANDRUS ALLEMAN, SSN \_\_ -\_ -8533, widow of Randall Paul Alleman, a woman of the full age of majority whose address is 188 Skylark Lane, Sunset, LA 70584, and

YVONNE MARIE ANDRUS SONNIER, SSN \_\_\_-\_-3953, wife of Brent Sonnier, a woman of the full age of majority whose address is 499 Sandpiper Place, Sunset, LA 70584,

hereinafter referred to as "donees",

the following described immovable property, to-wit:

ITEM I: All of Donor's right, title and interest in and to a certain tract or parcel of land, lying and being in the Parish of St. Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 Acres, and being bounded now or formerly, as follows: On the north by property of Charles J. Andrus; on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U.S. Highway No. 167. LESS AND EXCEPT: the portions thereof sold to the Louisiana Department of Highways by instrument recorded at COB U-19, P. 550, File No. 591037, St. Landry Parish, Louisiana records. Said property was acquired by Merlyn F. Andrus by Act of Donation filed at Act No. 572464 and Act of Exchange filed at Act No. 572465, St. Landry Parish, Louisiana records.

ITEM II: All of Donor's right, title and interest in and to a certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65, Township 7 South, Range 4 East, Ocontaining 16.2 acres, and being bounded on the northerly side by other properties of Vendors; on the easterly side by a parish road; on the southerly side by properties of Mrs. Mathilde Guidry, et al or assigns; and on the westerly side by the northeasterly right of way limits of U.S. Highway 167. LESS AND EXCEPT: the portions thereof sold to the Louisiana Department of Highways by instrument recorded at COB U-19, P. 550, File No. 591037, St. Landry Parish, Louisiana records; being the same property acquired by Merlyn F. Andrus and wife Beatrice Fournier Andrus by instrument recorded in Book U-16, P. 149, File No. 537687, St. Landry Parish, Louisiana records.

NO TITLE OPINION REQUESTED, NONE GIVEN. The description for the property herein donated was given to Notary by the contracting parties who in turn hold Notary harmless for the accuracy thereof.

To have and to hold the above described immovable property unto donees, their heirs, successors and assigns forever.

Said donees do hereby accept this donation with gratitude, and acknowledge delivery and possession thereof.
The parties hereto estimate the value of said donated property in the amount of <a href="One hundred thirty thousand and (\$130,000.00">One hundred thirty thousand and (\$130,000.00")</a> DOLLARS.  The parties hereto waive and dispense with the production of title opinion, any mortgage, conveyance or other certificates, required by law, and relieve and release me, notary, from any and all responsibility in connection therewith.

ACT OF EXCHANGE

No. 572465

STATE OF LOUISIANA PARISH OF ST. LANDRY

BE IT KNOWN that on this <u>first</u> (6th) day of the month of jame, 1973, before me, ALEX L. ANDRUS, JR., a Notary Public, duly commissioned and qualified, in and for the Parish and State above written, and in the presence of the witnesses hereinafter undersigned, personally came and appeared:

CHARLES J. ANDRUS, husband of Betty Cady, a resident of St. Lendry Parish, Louisiana; and

MERLYN F. ANDRUS, husband of Beatrice Beverly Fournier, a resident of St. Landry Parish, Louisiana; who declare that they did, and do by these presents, make an exchange of property on the express terms and conditions hereinafter set forth, as follows, to-wit:

For and in consideration of the transfer to him as hereinafter set forth, the said Merlyn F. Andrus does hereby grant,
bargain, assign, set over, transfer and deliver, with all legal
warranties and with full substitution and subrogation in and to
all of the rights and actions of warranty which he has, or may
have against all preceding owners and vendors, unto

CHARLES J. ANDRUS, the following described property, situated in the Parish of St. Landry, Louisiana, to-wit:

1. An undivided one-half interest in and to a certain tract or parcel of land situated in the Parish of St. Lendry, Louisiana, lying and being in Section 65, in Township 7 South, Range 4 East, containing 104.513 acres, and being bounded now or formerly as follows: North by property of A. Burleigh, O. Dimmick, and K. Burleigh; on the east by John Edwards, et al, or a public road; on the west by property of Charles J. Andrus and U. S. Highway No. 167.

The property above described is fully shown on a plat of survey prepared by Morgan Goudeau & Associates dated June 13,1973, a copy of which is annexed hereto and made a part hereof, and is shown on said plat as containing 104.513 acres.

Being a portion of the property which was acquired by Merlyn F. Andrus by an act of donation from his mother, Mrs. Emma Meche Andrus, passed before Alex L. Andrus, Jr., Notary, on this date.

2. An undivided one-fourth interest in and to a certain tract or parcel of land situated in the Parish of St.

528

Landry, Louisiana, lying and being in Section 78 in Township 7 South, Range 4 East, and in Section 54 in Township 8 South, Range 4 East, containing 25 acres, more or less, and being bounded now or formerly as follows: North by property of Aloise Forestier; on the south by property of the Estate of Chorles Meche; on the east by the railroad right-of-way separating this property from the property of Eric Gilchrist; and on the west by the property of Aloise Forestier.

Being the same undivided interest which was acquired by Merlyn F. Andrus by inheritance from his father, Paul Odell Andrus, by judgment of possession in the Succession of Paul Odell Andrus, rendered and signed on this date.

The interest herein granted by Merlyn F. Andrus to Charles J. Andrus is subject to a usufruct in favor of Mrs. Emma Meche Andrus.

And now, for and in consideration of the transfer to him as aforesaid, Charles J. Andrus, does by these presents grant, bargain, assign, transfer, set over, and deliver with all legal warranties and with full substitution and subrogation in and to all of the rights and actions of warranty which he has or may have against all preceding owners and vendors, unto

MERLYN F. ANDRUS the following described property, to-wit:

An undivided one-half interest in and to a certain tract or parcel of land, lying and being in the Parish of St. Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 acres, and being bounded now or forwerly, as follows: On the north by property of Charles J. Andrus; on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U. S. Highway No. 167.

The above described property is a portion of the property which was acquired by Charles J. Andrus by donation from his mother, Mrs. Emms Meche Andrus, by an act passed before Alex L. Andrus, Jr., Notary, on this date andis fully shown and described on a plet of survey prepared by Morgan Goudeau and Associates, dated June 13, 1973, which is attached hereto and filed herewith and is shown on said plat as containing 46.87 acres.

This exchange is made and mutually accepted by the parties hereto, it being agreed and understood that the properties exchanged are equal in value and that no money has been paid by either of the parties hereto to the other.

TO HAVE AND TO HOLD said respective properties, one to the other, their heirs and assigns, free from any lien, mortgage, or encumbrance whatever.

THUS DONE AND SIGHED at Opelousas, St. Lendry Parish,

on the day, month and year first above written, in the presence of the witnesses hereinafter undersigned, who have signed with the appearers and me, Notary, after reading of the whole.

MÁRĆH 27, 2018

## **EDR Environmental Lien and AUL Search**

The EDR Environmental Lien Search Report provides results from a search of available current land title records for environmental cleanup liens and other activity and use limitations, such as engineering controls and institutional controls.

A network of professional, trained researchers, following established procedures, uses client supplied address information to:

- search for parcel information and/or legal description;
- search for ownership information;
- research official land title documents recorded at jurisdictional agencies such as recorders' offices, registries of deeds, county clerks' offices, etc.;
- access a copy of the deed;
- search for environmental encumbering instrument(s) associated with the deed;
- provide a copy of any environmental encumbrance(s) based upon a review of key words in the instrument(s) (title, parties involved, and description); and
- provide a copy of the deed or cite documents reviewed.

Thank you for your business.
Please contact EDR at 1-800-352-0050

with any questions or comments.

DEPUTY CLERK

## donation inter vivos

BEFORE ME, Notary Public, duly commissioned and qualified, in and for the Parish of St. Landry, State of Louisiana, therein residing, and in the presence of the undersigned competent witnesses, personally came and appeared:

BEATRICE FOURNIER ANDRUS. SSN \_\_\_\_-6670, widow of Merlyn Francis Andrus, a woman of the full age of majority whose present address is P.O. Box 204, Grand Coteau, LA 70541, hereinafter referred to as "donor",

who declared that in consideration of the love and affection which donor has for her daughters (donees), donor does, by these presents, irrevocably donate inter vivos, give, grant, transfer and set over to the separate estates of Donees, with all legal warranties and with full substitution and subrogation in and to all rights and actions of warranty which said donor has or may have against all preceding owners and vendors, and deliver unto donees:

PAULETTE MARIE ANDRUS ALLEMAN, SSN \_ - \_-8533, widow of Randall Paul Alleman, a woman of the full age of majority whose address is 188 Skylark Lane, Sunset, LA 70584, and

YVONNE MARIE ANDRUS SONNIER, SSN \_\_\_-3953, wife of Brent Sonnier, a woman of the full age of majority whose address is 499 Sandpiper Place, Sunset, LA 70584.

hereinafter referred to as "donees",

the following described immovable property, to-wit:

ITEM I: All of Donor's right, title and interest in and to a certain tract or parcel of land, lying and being in the Parish of St. Landry, Louisiana, located in Section 65 in Township 7 South, Range 4 East, containing 46.87 Acres, and being bounded now or formerly, as follows: On the north by property of Charles J. Andrus; on the south by property of Merlyn F. Andrus; on the east by property of John Edwards, et al, or public road; and on the west by U.S. Highway No. 167. LESS AND EXCEPT: the portions thereof sold to the Louisiana Department of Highways by instrument recorded at COB U-19, P. 550, File No. 591037, St. Landry Parish, Louisiana records. Said property was acquired by Merlyn F. Andrus by Act of Donation filed at Act No. 572464 and Act of Exchange filed at Act No. 572465, St. Landry Parish, Louisiana records.

ITEM II: All of Donor's right, title and interest in and to a certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65, Township 7 South, Range 4 East, Ocontaining 16.2 acres, and being bounded on the northerly side by other properties of Vendors; on the easterly side by a parish road; on the southerly side by properties of Mrs. Mathilde Guidry, et al or assigns; and on the westerly side by the northeasterly right of way limits of U.S. Highway 167. LESS AND EXCEPT: the portions thereof sold to the Louisiana Department of Highways by instrument recorded at COB U-19, P. 550, File No. 591037, St. Landry Parish, Louisiana records; being the same property acquired by Merlyn F. Andrus and wife Beatrice Fournier Andrus by instrument recorded in Book U-16, P. 149, File No. 537687, St. Landry Parish, Louisiana records.

NO TITLE OPINION REQUESTED, NONE GIVEN. The description for the property herein donated was given to Notary by the contracting parties who in turn hold Notary harmless for the accuracy thereof.

To have and to hold the above described immovable property unto donees, their heirs, successors and assigns forever.

Said donees do hereby accept this donation with gratitude, and acknowledge delivery and possession thereof. The parties hereto estimate the value of said donated property in the amount of One hundred thirty thousand and (\$ 130,000.00 The parties hereto waive and dispense with the production of title opinion, any mortgage, conveyance or other certificates, required by law, and relieve and release me, notary, from any and all responsibility in connection therewith. THUS DONE AND PASSED at Grand Coteau, St. Landry Parish, Louisiana, on the day of \_\_\_\_\_\_, 2007, in the presence of the undersigned competent witnesses, who have signed with the appearers and me, Notary, after a reading of the whole. #### CASH SALE DEED

BE IT KNOWN, that on this 14th day of August, 2015, before me, the undersigned Notary Public, in and for the said Parish and State, duly commissioned and qualified as such, personally came and appeared:

PAULETTE MARIE ANDRUS ALLEMAN, single, and YVONNE MARIE ANDRUS SONNIER, married to Brent Sonnier, herein dealing wither separate property, both of the full age of majority and residents of St. Landry Parish, Louisiana,

who declared that for the consideration hereinafter mentioned they do by these presents, sell, transfer and deliver with full guarantee of title and free from all encumbrances and with subrogation to all of their rights and actions of warranty against previous owners, unto:

MGB, L.L.C., Louisiana limited liability company, represented herein by its duly authorized agent, Matthew Lane Breaux, whose mailing address is 110 Granite Creek Boulevard, Lafayette, LA 70508,

present, accepting and purchasing for itself and heirs and assigns, and acknowledging delivery and possession thereof, the following described property, to-wit:

That certain tract or parcel of land, without improvements, situated near Grand Coteau, St. Landry Parish, Louisiana, lying and being in Section 65, Township 7 South, Range 4 East, containing 16.2 acres, as described on that certain plat of survey prepared by John G. Brashears dated October 27, 1968, recorded under Entry No. 537687 of the records of St. Landry Parish, Louisiana, and being bounded on the northerly side by other properties of Vendors or assigns; on the easterly side by a parish road; on the southerly side by properties of Mrs. Mathilde Guidry et al or assigns, and on the westerly side by the northeasterly right of way limits of U.S. Highway 167 (now known as Interstate 49). LESS AND EXCEPT: Those portions thereof sold to the Louisiana Department of Highways by Instrument recorded at COB U-19, P. 550, File No. 591037, St. Landry Parish, Louisiana records. Being the same property as more particularly described on that certain plat of survey prepared by Joe Maniscalco, Jr., dated June 27, 2015, attached hereto and made apart hereof.

Seller(s) hereby reserve an undivided one-half (1/2) of all the oil, gas and other minerals lying under the property conveyed herein provided, however, that no operations will be conducted on the surface of the property.

Initials BUYER hereby acknowledges and recognizes that the Property being sold and purchased is to be transferred in "as is" condition and further BUYER does hereby waive, relieve and release SELLER from any claims or causes of action for redhibition pursuant to Louisiana Civil Code Article 2520, et seq. and Article 2541, et seq. or for reduction of Sales Price pursuant to Louisiana Civil Code Article 2541, et seq. Additionally, BUYER acknowledges that this sale is made without warranty of fitness for ordinary or particular use pursuant to Louisiana Civil Code Article 2524.

This sale is made accepted subject to the restrictive covenants, easements, mineral reservations, mineral leases and obligations of ownership, etc., affecting the above described property in the ST. LANDRY Parish Clerk of Court's Office.

Seller(s) warrant that the property taxes for all prior years have been paid. The parties assume their prorata share of the payment of all taxes assessed against the property herein sold for the year 2015. This sale is made and accepted for and in consideration of the sum of FOUR HUNDRED TWENTY-SIX THOUSAND AND 00/100 DOLLARS (\$426,000.00), cash in hand paid, for which acquittance is herein granted.

THUS DONE AND PASSED at my office in the Parish of Lafayette, State of Louisiana, on the day and date first hereinabove written, in the presence of the undersigned witnesses, who sign with Appearers and me, officer, after due reading of the whole.

#### **EXECUTIVE SUMMARY**

#### **DESCRIPTION**

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available city directory data at 5 year intervals.

#### **RECORD SOURCES**

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

### RESEARCH SUMMARY

## EDR BUILDING PERMIT REPORT

#### **About This Report**

The EDR Building Permit Report provides a practical and efficient method to search building department records for indications of environmental conditions. Generated via a search of municipal building permit records gathered from more than 1,600 cities nationwide, this report will assist you in meeting the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13), or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

Building permit data can be used to identify current and/or former operations and structures/features of environmental concern. The data can provide information on a target property and adjoining properties such as the presence of underground storage tanks, pump islands, sumps, drywells, etc., as well as information regarding water, sewer, natural gas, electrical connection dates, and current/former septic tanks.

#### **ASTM and EPA Requirements**

ASTM E 1527-13 lists building department records as a "standard historical source," as detailed in § 8.3.4.7: "Building Department Records - The term building department records means those records of the local government in which the property is located indicating permission of the local government to construct, alter, or demolish improvements on the property." ASTM also states that "Uses in the area surrounding the property shall be identified in the report, but this task is required only to the extent that this information is revealed in the course of researching the property itself."

EPA's Standards and Practices for All Appropriate Inquires (AAI) states: "§312.24: Reviews of historical sources of information. (a) Historical documents and records must be reviewed for the purposes of achieving the objectives and performance factors of §312.20(e) and (f). Historical documents and records may include, but are not limited to, aerial photographs, fire insurance maps, building department records, chain of title documents, and land use records."

#### Methodology

EDR has developed the EDR Building Permit Report through our partnership with BuildFax, the nation's largest repository of building department records. BuildFax collects, updates, and manages building department records from local municipal governments. The database now includes 30 million permits, on more than 10 million properties across 1,600 cities in the United States.

The EDR Building Permit Report comprises local municipal building permit records, gathered directly from local jurisdictions, including both target property and adjoining properties. Years of coverage vary by municipality. Data reported includes (where available): date of permit, permit type, permit number, status, valuation, contractor company, contractor name, and description.

Incoming permit data is checked at seven stages in a regimented quality control process, from initial data source interview, to data preparation, through final auditing. To ensure the building department is accurate, each of the seven quality control stages contains, on average, 15 additional quality checks, resulting in a process of approximately 105 quality control "touch points."

For more information about the EDR Building Permit Report, please contact your EDR Account Executive at (800) 352-0050.

# **GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING**

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

**Number of Days to Update:** Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

#### STANDARD ENVIRONMENTAL RECORDS

#### Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

#### SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly know as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

## Federal CERCLIS NFRAP site list

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

# **GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING**

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that based upon available information, the location is not judged to be potential NPL site.

#### Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

#### Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

#### ADDITIONAL ENVIRONMENTAL RECORDS

#### Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

#### Local Land Records

LIENS: Environmental Liens

An Environmental Lien is a charge, security, or encumbrance upon title to a property to secure the payment of a cost, damage, debt, obligation, or duty arising out of response actions, cleanup, or other remediation of hazardous substances or petroleum products upon a property, including (but not limited to) liens imposed pursuant to CERCLA 42 USC ? 9607(1) and similar state or local laws. In other words: a lien placed upon a property's title due to an environmental condition.

Date of Government Version: 08/22/2017 Date Data Arrived at EDR: 10/17/2017 Date Made Active in Reports: 11/21/2017

## Other Ascertainable Records

RCRA NonGen / NLR: RCRA - Non Generators / No Longer Regulated

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

## EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

Date of Government Version: 08/30/2013 Date Data Arrived at EDR: 03/21/2014 Date Made Active in Reports: 06/17/2014

Number of Days to Update: 88

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

Date of Government Version: 04/22/2013 Date Data Arrived at EDR: 03/03/2015 Date Made Active in Reports: 03/09/2015

#### RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

Date of Government Version: 11/02/2017 Date Data Arrived at EDR: 11/17/2017 Date Made Active in Reports: 12/08/2017

#### RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

#### HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

#### **EDR HIGH RISK HISTORICAL RECORDS**

#### **EDR Exclusive Records**

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

Date of Government Version: N/A Date Data Arrived at EDR: N/A Date Made Active in Reports: N/A

### EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

Date of Government Version: N/A Date Data Arrived at EDR: N/A Date Made Active in Reports: N/A

#### OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Date of Government Version: 11/11/2017 Date Data Arrived at EDR: 11/14/2017 Date Made Active in Reports: 12/18/2017 Number of Days to Update: 34 Source: Department of Energy & Environmental Protection

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

## AHA Hospitals:

Source: American Hospital Association, Inc.

Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services

Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services,

a federal agency within the U.S. Department of Health and Human Services.

**Nursing Homes** 

Source: National Institutes of Health

Telephone: 301-594-6248

# **GEOCHECK®-PHYSICAL SETTING SOURCE ADDENDUM**

#### **TARGET PROPERTY ADDRESS**

GRAND COTEAU GRAND COTEAU SUNSET, LA 70584

#### **TARGET PROPERTY COORDINATES**

Latitude (North): 30.428129 - 30° 25' 41.26" Longitude (West): 92.060392 - 92° 3' 37.41"

Universal Tranverse Mercator: Zone 15 UTM X (Meters): 590235.3 UTM Y (Meters): 3366420.0

Elevation: 49 ft. above sea level

## **USGS TOPOGRAPHIC MAP**

Target Property Map: 5620608 SUNSET, LA

Version Date: 2012

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principal investigative components:

- 1. Groundwater flow direction, and
- 2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

## **GROUNDWATER FLOW DIRECTION INFORMATION**

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

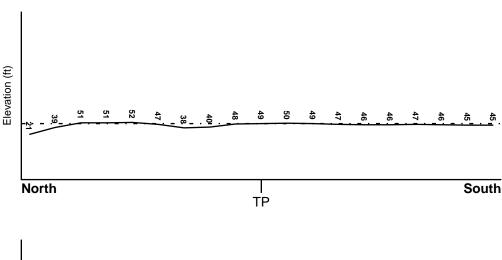

## **TOPOGRAPHIC INFORMATION**

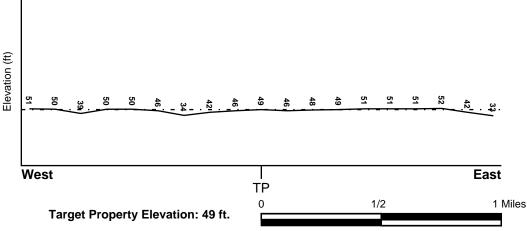

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

#### TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General NW

#### SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

## HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

#### **FEMA FLOOD ZONE**

Flood Plain Panel at Target Property FEMA Source Type

22097C0500D FEMA FIRM Flood data

Additional Panels in search area: FEMA Source Type

Not Reported

**NATIONAL WETLAND INVENTORY** 

NWI Quad at Target Property Data Coverage

SUNSET YES - refer to the Overview Map and Detail Map

#### HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

## Site-Specific Hydrogeological Data\*:

Search Radius: 1.25 miles Status: Not found

## **AQUIFLOW®**

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

LOCATION GENERAL DIRECTION

MAP ID FROM TP GROUNDWATER FLOW

Not Reported

## **GROUNDWATER FLOW VELOCITY INFORMATION**

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

## GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

#### **ROCK STRATIGRAPHIC UNIT**

## **GEOLOGIC AGE IDENTIFICATION**

## DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Coteau

Soil Surface Texture: silt loam

Hydrologic Group: Class C - Slow infiltration rates. Soils with layers impeding downward

movement of water, or soils with moderately fine or fine textures.

Soil Drainage Class: Somewhat poorly drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 69 inches

Soil Layer Information							
	Boundary			Classification		Saturated hydraulic	
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil	conductivity micro m/sec	Soil Reaction (pH)
1	0 inches	5 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay. FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), silt.	Max: 4.23 Min: 1.41	Max: 6.5 Min: 4.5
2	5 inches	44 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4.23 Min: 1.41	Max: 6.5 Min: 4.5
3	44 inches	72 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4.23 Min: 1.41	Max: 7.3 Min: 5.1

Soil Map ID: 2

Soil Component Name: Calhoun

Soil Surface Texture: silt loam

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high

water table, or are shallow to an impervious layer.

Soil Drainage Class: Poorly drained

Hydric Status: All hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 23 inches

Soil Layer Information							
	Boundary			Classification		Saturated hydraulic	
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil	conductivity micro m/sec	Soil Reaction (pH)
1	0 inches	18 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4.23 Min: 1.41	Max: 6 Min: 3.6
2	18 inches	46 inches	silty clay loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 1.41 Min: 0.42	Max: 5.5 Min: 3.6
3	46 inches	59 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 4.23 Min: 1.41	Max: 7.8 Min: 3.6

Soil Map ID: 3

Soil Component Name: Memphis

Soil Surface Texture: silt loam

Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep,

moderately well and well drained soils with moderately coarse

textures.

Soil Drainage Class: Well drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: Moderate

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

	Boundary			Classification		Saturated hydraulic	
Layer	Upper	Lower	Soil Texture Class	AASHTO Group	Unified Soil	conductivity micro m/sec	
1	0 inches	7 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Silty Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 14.11 Min: 4.23	Max: 6 Min: 4.5
2	7 inches	35 inches	silty clay loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 14.11 Min: 4.23	Max: 6 Min: 4.5
3	35 inches	83 inches	silt loam	Silt-Clay Materials (more than 35 pct. passing No. 200), Clayey Soils.	FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), Lean Clay	Max: 14.11 Min: 4.23	Max: 6 Min: 4.5

## Soil Map ID: 4

Soil Component Name: Water, large

Soil Surface Texture: silt loam

Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep,

moderately well and well drained soils with moderately coarse

textures.

Soil Drainage Class: Hydric Status: Unknown

Corrosion Potential - Uncoated Steel: Not Reported

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

No Layer Information available.

Soil Map ID: 5

Soil Component Name: Coteau

Soil Surface Texture: silt loam

Hydrologic Group: Class C - Slow infiltration rates. Soils with layers impeding downward

> 69 inches

movement of water, or soils with moderately fine or fine textures.

Soil Drainage Class: Somewhat poorly drained

Hydric Status: Not hydric

Depth to Watertable Min:

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

#### **Soil Layer Information** Saturated **Boundary** Classification hydraulic conductivity **AASHTO Group Unified Soil Soil Reaction** Layer Upper Lower Soil Texture Class micro m/sec (pH) 1 0 inches 5 inches silt loam Silt-Clay FINE-GRAINED Max: 4.23 Max: 6.5 Materials (more SOILS, Silts and Min: 1.41 Min: 4.5 than 35 pct. Clays (liquid passing No. limit less than 200), Silty 50%), Lean Clay. Soils. FINE-GRAINED SOILS, Silts and Clays (liquid limit less than 50%), silt. 2 5 inches 33 inches Silt-Clay FINE-GRAINED Max: 4.23 Max: 6.5 silty clay loam Materials (more SOILS, Silts and Min: 1.41 Min: 4.5 than 35 pct. ## **LOCAL / REGIONAL WATER AGENCY RECORDS**

EDR Local/Regional Water Agency records provide water well information to assist the environmental professional in assessing sources that may impact ground water flow direction, and in forming an opinion about the impact of contaminant migration on nearby drinking water wells.

## PHYSICAL SETTING SOURCE RECORDS SEARCHED

#### **TOPOGRAPHIC INFORMATION**

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map Source: U.S. Geological Survey

#### HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

#### HYDROGEOLOGIC INFORMATION

AQUIFLOW<sup>R</sup> Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

#### **GEOLOGIC INFORMATION**

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

## PHYSICAL SETTING SOURCE RECORDS SEARCHED

#### LOCAL / REGIONAL WATER AGENCY RECORDS

#### FEDERAL WATER WELLS

PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

## THIS LETTER CERTIFIES THE FOLLOWING:

X The property is not zoned by this authority and is not subject to any zoning ordinance.
The developer has submitted a request to zone site for multi- family use and the authority does not foresee or anticipate any negative problems with respect to zoning.
The property has not been zoned by this authority but is located in a subdivision and if subdivision restrictions have been recorded by the developer in the Clerk of Court's Office would apply.
The project currently has no pending condemnations or code violations with the St. Landry Parish Permit Office.

Vallie Theriot

St. Landry Parish Permit Department

# Appendix K - Tax Notice

# NOTICE OF INTENTION TO LEVY A 2% SALES AND USE TAX AND A 2% HOTEL OCCUPANCY TAX IN THE GRAND COTEAU ECONOMIC DEVELOPMENT DISTRICT NO. 1, STATE OF LOUISIANA

NOTICE IS HEREBY GIVEN that the Mayor and Board of Aldermen, acting as the governing authority of the Grand Coteau Economic Development District No. 1, State of Louisiana (the "District"), proposes to consider the adoption of ordinances pursuant to La. R.S. 33:9038.39, levying in the District an additional sales and use tax of up to two percent (2.00%) and an additional hotel occupancy tax of up to two percent (2.00%), for the purpose of financing economic development projects, as defined in La. R.S. 33:9038.34(M) and La. R.S. 33:9038.36 (the "District Taxes"). The proceeds of the District Taxes will be deposited in a special trust fund named the "Grand Coteau Economic Development District No. 1 District Trust Fund" (the "Trust Fund"), the purpose of which is to fund economic development projects selected by the District in the manner provided by Part II, Chapter 27, Title 33 of the Louisiana Revised Statutes of 1950, as amended (La. R.S. 33:9038.31, et seq.).

NOTICE IS HEREBY FURTHER GIVEN that the Mayor and Board of Aldermen will meet in open and public session on Tuesday, November 3, 2015 at six o'clock (6:00) p.m., at the Town Hall, 231 Burleigh Lane, Grand Coteau, Louisiana, to hear any objections to the levy of the District taxes as described above.

A list of the parcels and a map of the proposed District, are as follows:
