Re: Draft Report

La Division of Archaeology Report No. 22-5413

Phase I Cultural Resources Survey for the Sinclair Site near Meraux in St. Bernard Parish, Louisiana

Dear Mr. Jackson:

We acknowledge receipt of your letter dated 5 December 2016 and two copies of the above-referenced report. We have completed our review of this report and have no comments to offer.

We concur that sites 16SB170 and 16SB179 Locus 1 are undetermined with respect to their eligibility for nomination to the National Register of Historic Places. If they cannot be avoided during development, these properties should be further evaluated to determine if they are eligible for nomination to the National Register. We concur that no historic properties will be impacted in the remainder of the property.

We look forward to receiving two bound copies of the final report along with a pdf of the report. If you have any questions please contact Chip McGimsey at the Division of Archaeology by email at cmcgimsey@crt.la.gov or by phone at 225-219-4598.

Sincerely,

A handwritten signature in blue ink, appearing to read "Phil Boggan".
