Re. Hero's Site Roadway Estimate  
CSRS Job No. 214002

Dear Mr. Hager:

Upon discussions with officials from the City of Laffayette Department of Public Works, it was determined that there will be roadway infrastructure upgrades in this area within the next 5 years.

The roadway infrastructure upgrade depicted in the attached exhibit is a joint project between Louisiana Department of Transportation and Development (LADOTD) and the Lafayette Department of Public Works. This upgrade consists of realigning Renaud Drive and Stone Avenue to tie into a roundabout along North University Avenue. This new roadway alignment could require the aquisition of the Future Roadway Right of Way for the development of the new infrastructure.

Thank you for the opportunity to assist you in this project. Should you have any questions or require additional information, feel free to contact me.

Sincerely,

CSRS, Inc.
