Jamestown Business Park LA SHPO Letter of Site Recommendation

Re: Draft Report

La Division of Archaeology Report No. 22-6789

Phase I Cultural Resources Survey of the proposed Jamestown Business Park, Tangipahoa Parish, Louisiana

Dear Jon Glass:

We acknowledge receipt of your letter dated 14 June 2021, and one copy of the above-referenced report that was submitted as Due Diligence. This letter is for preliminary, informational purposes only and does not constitute consultation or agency coordination with our Office as defined in 36 CFR 800: "Protection of Historic Properties" or by any state regulatory process. The recommendation stated below could change once the responsible federal and/or state agency initiates consultation with our Office.

Please list the LHRI numbers in the Abstract and in Chapter 6. Also in Chapter 6, please refer to the "Four extant historic resources" as "Four extant above-ground resources."

Based on the description of the Area of Potential Effect (APE), the proposed ground-disturbing activities, and the identification of historic properties within the APE, our office concurs with the assessment that no historic properties listed in or eligible for listing in the National Register of Historic Places are present within the APE. We also concur that Resource numbers 53-01749, 53-01760, 53-01761, and 53-01762 are not eligible for listing in the National Register. Our office has no further concerns for this project.

Consultation with the State Historic Preservation Office does not constitute consultation with Tribal Historic Preservation Offices, other Native American tribes, local governments, or the public. If archaeological materials are encountered during construction, the procedures codified at 36 CFR 800.13(b) will apply. Archaeological materials consist of any items, fifty years old or older, which were made or used by man. These items include but are not limited to, stone projectile points (arrowheads), ceramic sherds, bricks, worked wood, bone and stone, metal, and glass objects. The federal agency or the applicant receiving federal assistance should contact our office immediately. If human remains are encountered, the provisions of the Louisiana Unmarked Human Burial Sites Preservation Act (Revised Statute 8:671-681) should be followed.

Please list the LHRI numbers in the Abstract and in Chapter 6 along with the recommended wording change.

We look forward to receiving one bound, double-sided copy of the final report along with a pdf copy. If you have any questions, please contact Chip McGimsey at cmcgimsey@crt.la.gov or 225-219-4598 or Nicole Hobson-Morris at nmorris@crt.la.gov or 225-342-9172.

Sincerely,

Nicole Hobson-Morris
Director, Division of Historic Preservation
