**RE: Maxie & Vida Girouard Site
FEMA 100 Year Flood Plain Letter & Map
CSRS Project No 214002**

Dear Mr. Emile Lege,

According to the FEMA Digital Flood Insurance Rate Map (DFIRM) panel no. 22055C0200J of Lafayette Parish, Louisiana, effective 21 December 2018, the Maxie & Vida Girouard Site has +/- 31.78 acres in Flood Zone "X" and +/- 1.65 acres in Flood Zone "AE". In addition, according to the FEMA Effective DFIRM map provided on the LSU AgCenter website (<http://maps.lsuagcenter.com>), the site is located in Flood Zone "X" and Flood Zone "AE". The LiDAR contours downloaded from LSU's ATLAS website indicate the site ranges in elevation from 17 feet to 39 feet, however, the mean elevation of the developable property on the site is at elevation 25 feet.

No further action is needed to meet floodplain construction standards.

Thank you for the opportunity to assist you in this project. Should you have any questions or require additional information, feel free to contact me.

Respectfully,

CSRS, Inc.

Taylor Gravois, PE, PLS
