8. No structure of a temporary character, trailer, basement, tent, shack, barn or other outbuilding shall be used on any lot at any time as a place of business, either temporary or permanently, except as movable construction shacks during construction period. No structure, in addition to the main building, either permanently or temporary, may be constructed, without having been approved by the Architectural Control Committee, and any such buildings must conform in every respect, including materials, with the exterior construction of the main building construction on the lot.
9. All purchasers who do not build must maintain their site free of debris, high grass, and weeds, and the Architectural Control Committee has the right to expend up to FIVE HUNDRED DOLLARS (\$500.00) in any one year to see that the grass is cut, and to charge the lot or lots with the cost for the work involved and to file a lien against the said lot after a registered notice shall have been sent to the owner, and a period of thirty (30) days shall have lapsed without any payment for said work so performed.

11. No lot shall be re-subdivided without the written consent of the Architectural Control Committee.
12. An Architectural Control Committee composed of L. J. Grezaffi, Chairman, James T. Newsom, and Joseph Garrett is hereby appointed. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. The Architectural Control Committee herein provided for shall serve until ninety (90%) percent of the lots established in Ascension Industrial Park Subdivision have been developed and sold, and, at that time, the sole property owners shall appoint their own Architectural Control Committee. In addition, the decision of the Architectural Control Committee, in the event of any dispute or controversy involving the interpretation of these restrictions, or the applicable use of said lots, shall be final and non-appealable.
13. The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within thirty (30) days after the plans and specifications have been submitted to it, in writing, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the relative covenants shall be deemed to have been fully complied with.
14. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of fifty (50) years from the date these covenants shall be recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change the covenants in whole or in part.

15. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenants in whole or in part, either to restrain violation or to recover damage.
16. Invalidation of any one of these covenants by judgment or court order shall in no way effect any of the other provisions which shall remain in full force and effect.

Portions thereof were conveyed by Seller and reacquired by him from DDS, Inc. and from Landmark Homes, Inc. by acts of sale recorded, respectively, at ~~COB~~ _____, File Numbers 423926 and 423927, records of said parish.

The above described property is and shall be subject to the following:

(a) Servitude of Operation: The property is burdened with the presence on the adjacent estate owned by Borden, Inc., or assigns, of an operating industrial plant and the consequent inconveniences of industrial emissions therefrom.

(b) Servitude of Open Space: The property is burdened with the right of the adjacent estate owned by Borden, Inc., or assigns, to continue to diffuse its industrial emissions over the air space above the property.

(c) Servitude of Prohibition of Use: The property is burdened with the right of the adjacent estate owned by Borden, Inc., or assigns, to prohibit the construction of improvements and the right to prohibit the subdivision of the property for residential purposes.

Provided, however, nothing shall prohibit the subdivision of the property for industrial and/or commercial and/or agricultural pursuits or construction of improvements thereon for industrial and/or commercial and/or agricultural pursuits not inconsistent with the servitudes numbered (a), (b) and (c).

The servitudes numbered (a), (b) and (c), above, were created in that certain act of sale by Borden, Inc. to Colonial Sugars, Inc. dated January 5, 1981, filed and recorded in the conveyance records of Ascension Parish, Louisiana.

(d) Utility, drainage and sewage servitudes and 20', 50' and 140' building set back lines shown on the annexed plat of survey of the property herein conveyed.

(e) Those portions of the property contiguous to La. (f) The remainder of said property (the whole less those portions described in (e), above) shall be subject to only the following restrictions for as long as Buyer remains the owner thereof:

1. Said property is hereby designated as commercial/industrial having uses permissive within this zoned classification with the exception of the following uses which are prohibited:

- (a) Scrap or junk yards.
- (b) Demolition yards.
- (c) Car wrecking, salvage yards, or automotive scrap or vehicular junk yards.
- (d) Abattoir and/or slaughterhouses.

2. No building shall be located on said property nearer than 50 feet from that portion of its westerly boundary designated as "50' BUILDING LINE" on the aforementioned plat of survey. Buyer agrees to construct a landscaped greenbelt within said 50 feet space, as well as portions of said property contiguous to its northwesterly (shown on said survey as having a length of 1,512.18') and southerly (shown on said survey as having a length of 1,168.85') boundary lines containing grasses and plantings which shall help obscure and screen Buyer's operations on the property. A fence may be located on the property lines. Seller acknowledges that notwithstanding such greenbelt, Buyer's structures, equipment and operations, including without limitation, an asphalt plant and concrete recycling facility, will be visible from adjacent properties and roadways.

3. Prior to construction the premises must be maintained free of debris, high grass and weeds.

4. No method of sewerage treatment shall be installed or used on the premises other than a connection to a sanitary sewer system approved by the Ascension Parish Health authorities.

5. Invalidity of any one of these covenants by judgment or court order shall in no way affect any of the other provisions which shall remain in full force and effect.

6. In the event the premises or any portion thereof is transferred by Buyer to a third party,

then and in such event the portion transferred shall become subject to the restrictions mentioned in paragraph (e) above.

(g) Reservation of one-half of all mineral rights but without surface rights in favor of The Succession of H. Taylor Morrisette, et al. as contained in the act of sale through which Seller acquired said property referred to above.

MINERAL RESERVATION: Seller, for himself, his heirs, successors and assigns, reserves all of the oil, gas and minerals and all of the oil, gas and mineral rights presently owned by him affecting the property. However, Buyer, its successors and assigns, shall have the complete and unrestricted use of the surface of said property, and no drilling or other operations shall be conducted upon said surface without the prior written consent of Buyer, its successors and assigns. With reference to the mineral servitude created through this reservation, the prescription regarding same shall be interrupted and/or suspended, as the case may be, by the drilling on and/or production from any well or wells located on any portion of the surface of the property affected by said servitude (should Buyer choose to grant same for such purposes), however small that portion may be, or by the drilling and/or production from any well located off the said property but located within a unit established by the commissioner of conservation of the State of Louisiana, or by a declared unit, any of which units include any portion of said property.

TO HAVE AND TO HOLD the said property unto the said Buyer, its successors and assigns, free from any mortgages, liens or other encumbrances other than those mentioned above, forever.

This present sale and conveyance is made and accepted for and in consideration of the sum and price of NINE HUNDRED FIFTY-FIVE THOUSAND SIX HUNDRED TWENTY-FIVE AND 00/100 (\$955,625.00) DOLLARS, current money of the United States of America, which amount the said Buyer has paid in ready CASH, receipt of which is hereby acknowledged by the Seller, and full discharge and acquittance granted therefor.

As used in this paragraph, "risk" includes any trees, limbs, and/or vegetation that Grantee determines are tall enough that if they fell may strike, hit, or come in contact with any of Grantee's facilities. Grantee shall pay to Grantor, or Grantor's successor in title, the reasonable market value, as timber, of such trees when removed outside of the said right-of-way.

Grantee shall pay Grantor for any damages to Grantor's adjoining property, caused by the construction and/or maintenance of Grantee's facilities.  - f) ZONING: The Property shall be zoned with "Industry" zoning classification.
 - g) RESTRICTIONS: Purchaser shall have received all approvals for Purchaser's intended use required by any restrictions affecting the Property including without limitation the approval of the architectural control committee.
- 5) TITLE: Within five (5) days of the acceptance date as defined below Purchaser shall (i) order a title report or other commitment for title issuance to the Purchaser of an Owner's Title Insurance Policy underwritten by a national title insurance company, insuring the title to the Property (the "Commitment"), subject to such exceptions to title as are set forth herein and therein; and (ii) request the Property to be surveyed within the Inspection Period and shall promptly submit a copy of the survey to Seller for its review and reasonable approval ("Survey"). Purchaser shall instruct its surveyor to create a Survey using the Map as a base and the parties agree to work in good faith to create the Survey in accordance with the Map. Within five (5) days of completion of the Survey, Seller agrees to submit the Survey to Ascension Parish for resubdivision approval. Prior to the end of the Inspection Period the Purchaser shall provide Seller with written notice (the "Title Notice") of any Encumbrances (defined below) which affect title to the Real Property. Any matters reflected in the Commitment or in the Survey which the Purchaser does not identify as Encumbrances in its Title Notice and taxes for the calendar year in which the Closing occurs, shall be deemed to be "Permitted Encumbrances." "Encumbrances" shall mean the recorded building restrictions affecting Lot 14 and the remainder of the Property being sold and all other liens, servitudes and other matters affecting title to the Property, other than Permitted Encumbrances. If applicable, Seller shall obtain releases of surface rights from all mineral owners and lessees at its sole cost and expense, and the failure to do so shall be an objection to title. Seller shall remove all Encumbrances other than Permitted Encumbrances, including all monetary liens which shall be satisfied at Closing. Purchaser shall have the right to object to any Encumbrances arising after the Inspection Period which affect the title and arise as a matter of law (such as a lien) or which were filed in the conveyance or mortgage records of the Clerk of Court for the Parish where the Property is located, at any time prior to Closing. If Seller fails to remove any Encumbrances or have the resubdivision of the Property approved by Ascension Parish prior to Closing, Purchaser or Seller at its option may extend the Closing Date by thirty (30) days to perform any title curative work or permit the approval of the resubdivision. If at the end of such thirty (30) day extension, the title is not satisfactory or the resubdivision has not been approved, Purchaser may terminate the Agreement and receive a return of the Deposit. If Seller chooses not to remove any title objection, Purchaser may have the objection removed within the thirty (30) day extension or terminate the Agreement and receive a return of the Deposit.

If the casualty shall be deemed immaterial in accordance with this Section of the Agreement, Purchaser shall not be released from its obligations hereunder, but at Closing, Seller shall assign to Purchaser all of its rights, title and interest in and to any insurance proceeds or condemnation awards, shall thereafter permit Purchaser to conduct all negotiations and enter into all agreements with respect thereto and shall reduce the cash down payment portion of the Purchase Price by an amount equal to Purchaser's insurance deductible. Provided, however, that if all or any part any casualty is not covered by insurance and Seller chooses not to remedy or repair the casualty, then notwithstanding the generality of the foregoing Purchaser shall have the right to elect, by written notice thereof to Seller within fifteen (15) days after Seller gives written notice to Purchaser of such lack of insurance coverage, to terminate this Agreement, in which event this Agreement shall terminate and neither party shall have any further obligations hereunder except that the Deposit shall be returned immediately to Purchaser. For the purposes of this Section, "Material Portion" means such damage, destruction or taking as is in excess of ten (10%) percent of the Property and which renders use of the Property as currently used economically unfeasible.

Purchaser agrees to indemnify, defend and hold Seller harmless from any and all expenses (including reasonable attorneys' fees), incurred by or asserted against Seller as a result of Purchaser's or Purchaser's agent or contractor entry onto the Property. This obligation shall survive the Closing.
- 13) TRADE ACCOUNTS: All sums due for trade accounts payable by or on behalf of Seller that were incurred for the Property and its operation prior to the Closing Date will be paid by Seller. Purchaser shall pay all accounts payable incurred by Purchaser after the Closing Date.
- 14) TAXES PRORATED: Property taxes for the Year the sale is closed shall be prorated to the Closing Date.
- 15) NOTICES. Any notice to be given by either party to this Agreement shall be in writing and shall be either sent by certified or registered U.S. Mail, private express courier, hand-delivered, electronic mail, facsimile or telegram, postage or charges prepaid, addressed to the party at the address stated below or at such other address as such party may have substituted therefor by proper notice to the other. If Seller defaults under this Agreement, despite the applicability of other provisions or remedies in this Agreement, Purchaser may, at its sole option elect one or more of the following remedies: (i) demand specific performance of Seller's obligations under this Agreement together with the recovery of all expenses incurred by Purchaser (including reasonable expenses and attorneys' fees); (ii) declare this Agreement null and void and receive a return of the Deposit plus an amount of actual, out of pocket expenses of Purchaser as liquidated damages; (iii) waive the fulfillment of the condition and acquire the Property subject to such defect. The defaulting party under this Agreement shall also be liable for all attorneys' fees, Brokerage Commission, and other costs incurred in the enforcement of any and all rights under this Agreement. Real Estate Broker and its agents have acted only as real estate broker to bring the parties together and will in no case be liable to either party for performance or non-performance of any part of this Agreement or for any warranty of any nature, unless specifically set forth in writing, and Real Estate Broker specifically makes no warranty whatsoever as to whether or not the Property is situated within or without the government's hundred year flood plan.
- 18) REPRESENTATIONS AND WARRANTIES OF SELLER. Seller represents, warrants and covenants to Purchaser on the Effective Date and again as of the Closing Date that: (i) Seller has valid and merchantable title to the Property and will convey same to Purchaser free and clear of all mortgages, liens and encumbrances, except Permitted Encumbrances; (ii) Seller has full power and authority to execute, deliver and carry out the terms and conditions of this Agreement; (iii) no pending condemnation, assessment, or similar proceeding or charge affecting the Property or any portion thereof exists nor has Seller received any notice, and has no knowledge, that any such proceeding or charge is contemplated and further, no zoning ordinances, or public laws are being violated by the current use of the Property; (iv) Seller has never received notice or other communication, and has no knowledge, concerning any governmental investigation of the Property; any alleged violation of any governmental requirement, environmental law, regulation or ordinance relating to the Property; or any alleged liability (including claims, suits, investigations or inquiries) associated with the presence or suspected presence of any toxic or hazardous material on the Property; (v) Seller has not withheld and will not withhold from Purchaser knowledge of any events, conditions or facts which may materially affect the Property; (vi) the Property is not the subject of any outstanding agreement with any party pursuant to which any such party may acquire an interest in the Property; (vii) there are no leases, easements, encumbrances or other agreements affecting the Property except as shown by the public records or as made known to Purchaser and (viii) Seller is not in violation of any covenant, condition or restriction of any of the foregoing documents.

ENTERGY GULF STATES LOUISIANA, L.L.C.

KNOW ALL MEN BY THESE PRESENTS THAT: **PriceCo, L.C.**, a Louisiana Limited Liability Company, domiciled in East Baton Rouge Parish, Louisiana, whose mailing address is 8811 Veterans Blvd., Metairie, LA 70003, (referred to collectively, whether one or more, as "Grantor"), represented hereby by **LeBlanc Bondy and Brent Paul LeBlanc**, duly authorized pursuant to the Articles of Organization (as amended and restated) on file and of record in the office of the Clerk and Recorder for Ascension Parish, Louisiana, for and in consideration of One Dollar and other valuable consideration, in hand paid to Grantor, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby grant, bargain, sell, transfer, assign, and convey unto, **Entergy Gulf States Louisiana, L. L. C.**, a Louisiana Limited Liability Company and its successors and assigns (collectively "Grantee"), a right-of-way, servitude and easement 100 feet in width for the location, relocation, improvements, repair, construction, reconstruction, operation, inspection, patrol, replacement, removal and maintenance of one or more electric power lines, circuit or circuits and/or communication facilities (to be used for operation of Grantee's utility system), now or in the future, including, but not necessarily limited to, poles, towers, cross arms, insulators, wires, cables, conduits, hardware, transformers, switches, guy wires, anchors and other equipment, structures, material and appurtenances, now or hereafter used, useful or desired in connection therewith by Grantee (hereinafter "Grantee's facilities") over, across, under or on that land of Grantor in the Parish of Ascension, State of Louisiana described as follows, to-wit:

That certain tract or parcel of land, consisting of Tract X, containing 23.51 acres, more or less, located in Section 50, Township 9 South, Range 2 East, Parish of Ascension, Louisiana, being more particularly described in that certain Act of Sale, recorded at Instrument #00812219, of the records of Ascension Parish, Louisiana; said right-of-way, servitude and easement being more particularly described and shown on Exhibit "A" and Exhibit "B" attached hereto and made a part hereof.

Grantor hereby grants to Grantee the rights of ingress and egress, as reasonably necessary and in a reasonable manner, at any time, without notice, to, from, or along said right-of-way across the adjoining land of the Grantor, including, but not limited to, the passage of vehicles and equipment upon said right-of-way; the right to install, extend and maintain guy wires and anchors beyond the limits of said right-of-way under emergency circumstances, which guy wires and anchors shall be removed by Grantee as soon as practicable.

As used in this paragraph, "risk" includes any trees, limbs, and/or vegetation that Grantee determines are tall enough that if they fell may strike, hit, or come in contact with any of Grantee's facilities. Grantee shall pay to Grantor, or Grantor's successor in title, the reasonable market value, as timber, of such trees when removed outside of the said right-of-way.

Grantee shall pay Grantor for physical damages 1) to Grantor's buildings or other structures located outside said right-of-way and 2) to Grantor's growing annual crops, road, bridges and fences where such physical damage is caused by the construction and/or maintenance of Grantee's facilities.

Grantor retains the right to use for Grantor's own purposes the land covered by the said right-of-way so long as such use does not interfere with Grantee's use of said right-of-way and other rights herein granted.

Grantor shall not construct or permit the construction of any structure, obstruction or other hazard within the said right-of-way, including but not limited to, any house, barn, garage, shed, pond, pool, water impoundment, excavation or well, excepting only Grantor's fence(s) and Grantee's facilities. Grantor shall not construct or permit the construction of any buildings or other structures on land adjoining said right-of-way in violation of the minimum clearances from the lines and facilities of Grantee, as provided in the National Electrical Safety Code.
