Re: Columbia Port Commission  
LED Certified Port

Dear Mr. Capdepon:

This is in response to your letter regarding the above-referenced project. Due to the size and geographic location of the proposed project, our office is requesting that a Phase I archaeological survey be conducted prior to construction. I have enclosed a list of contracting archaeologists for your reference.

If you have any questions concerning these comments, please contact Rachel Watson in the Division of Archaeology at (225) 342-8165.

Sincerely,

A handwritten signature in cursive script that reads "Pam Breux".

Pam Breux  
State Historic Preservation Officer

PB:RW:kd

The State of Louisiana does not license, register, or otherwise approve professional archaeologists.

The Department of Culture, Recreation and Tourism has found that a listing of archaeologists active in Louisiana is often a useful guide for those contracting agencies requiring the services of an archaeological consultant. The appearance of names of individuals and firms on the following list in no way implies recommendation or endorsement by the State of Louisiana. There are other competent, qualified archaeologists living both in-state and out-of-state. This list is furnished as a state service only upon request.

Contracting agencies are advised to contact several archaeological consultants, as price and availability for work vary greatly.
