**Subject:** Site Certification

Good afternoon,

I am completing a Site Certification for the Louisiana Economic Development group (LED) for a site in Vermilion Parish. One item needed is a letter from your office regarding the presence of historical or cultural artifacts on site. This site is an industrial park located at the corner of LA Hwy 167 and Cordell Rd near Abbeville known as Deere Park Development, latitude 30° 02' 7.9 N and longitude 92° 07' 17.2 W.

I have a current Phase 1 which shows no evidence of recognized environmental conditions if that helps.

Please advise as soon as possible.

Thank you in advance,  
Roy
