Exhibit 20A-Avoyelles Parish Port Preliminary Wetland Jurisdictional Determination

Avoyelles Parish Port-Preliminary Wetland Jurisdictional Determination

DEPARTMENT OF THE ARMY NEW ORLEANS DISTRICT, CORPS OF ENGINEERS P.O. BOX 60267 NEW ORLEANS, LOUISIANA 70160-0267

NOV 2.6 2013

Operations Division Surveillance and Enforcement Section

Ms. Alissa Berthelot Natural Resource Professionals, LLC 7478 Highland Road Baton Rouge, Louisiana 70808

Dear Ms. Berthelot:

REPLY TO

ATTENTION OF

Reference is made to your request for a U.S. Army Corps of Engineers' (Corps) jurisdictional determination on property located in Sections 13, 23 and 24, Township 1 South, Range 6 East, Avoyelles Parish, Louisiana (enclosed map). Specifically, this property is identified as an approximately 700 acre tract on and west of LA-105 and south of Treatment Street in Simmesport.

Based on review of recent maps, aerial photography, soils data, the information provided with your request, previous determinations, and a field inspection of the property conducted on October 30, 2013, we have determined that part of the property is wetland and may be subject to Corps' jurisdiction. The approximate limits of the wetland are designated in red on the map. A Department of the Army (DA) permit under Section 404 of the Clean Water Act will be required prior to the deposition or redistribution of dredged or fill material into wetlands that are waters of the United States. Additionally, a DA permit will be required if you propose to deposit dredged or fill material into other waters subject to Corps' jurisdiction. Other waters that may be subject to Corps' jurisdiction are indicated in blue on the map.

You are advised that you must obtain a permit from a local assuring agency, usually a Levee Board or Parish Council, for any work within 1500 feet of a federal flood control structure such as a levee. You must apply by letter to the appropriate agency including full-size construction plans, cross sections, and details of the proposed work. Concurrently with your application to the assuring agency, you must also forward a copy of your letter and plans to Ms. Amy Powell, Operations Manager for Completed Works of the Corps, the Coastal Protection and Restoration Authority (CPRA), and/or the Louisiana Department of Transportation and Development (LADOTD) for their review and comments concerning the proposed work. The assuring agency will not issue a permit for the work to proceed until they have obtained letters of no objection from these reviewing agencies. For additional information, please contact Ms. Amy Powell at (504) 862-2241. Additionally, federal projects that may require further engineering review are known to exist in this area. For more information, please contact Mr. Mike Lowe of our Operations Division at (504) 862-1682, and Mr. Russel Beauvais of our Operations Division at (225) 492-2169, and Ms. Amy Powell of our Operations Division at (504) 862-2241.

This delineation/determination has been conducted to identify the limits of the Corps' Clean Water Act jurisdiction for the particular site identified in your request. This delineation/determination may not be valid for the wetland conservation provisions of the Food Security Act of 1985, as amended. If the property owner or tenant is a USDA farm participant, or anticipates participation in USDA programs, a certified wetland determination should be requested from the local office of the Natural Resources Conservation Service prior to starting work.

You are advised that this preliminary jurisdictional determination is valid for a period of 5 years from the date of this letter unless new information warrants revision prior to the expiration date or the District Commander has identified, after public notice and comment, that specific geographic areas with rapidly changing environmental conditions merit re-verification on a more frequent basis.

Should there be any questions concerning these matters, please contact Dr. Rosie Schwamenfeld at (337) 291-3045 and reference our Account No. MVN-2013-02242-SR. If you have specific questions regarding the permit process or permit applications, please contact our Western Evaluation Section at (504) 862-2577. The New Orleans District Regulatory Branch is committed to providing quality and timely service to our customers. In an effort to improve customer service, please complete the survey on our web site at http://per2.nwp.usace.army.mil/survey.html.

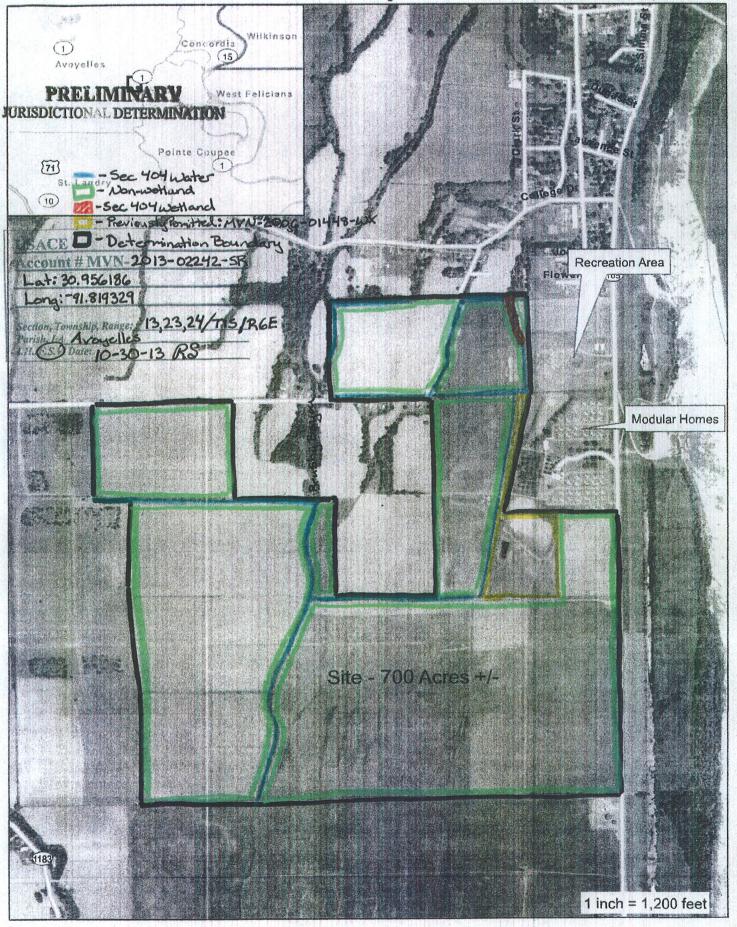

Sincerely,

Tolet a Kippin

Martin S. Mayer Chief, Regulatory Branch

INITIAL PROFFERED PERMIT (Standard Permit or Letter of permission)	Α			
PROFFERED PERMIT (Standard Permit or Letter of permission)	B			
PERMIT DENIAL	C			
	D			
	E			
SECTION I - The following identifies your rights and options regarding an administrative appeal of the above decision. Additional information may be found at <u>http://www.usace.army.mil/cecw/pages/reg_materials.aspx</u> or Corps regulations at 33 CFR Part 331.				
A: INITIAL PROFFERED PERMIT: You may accept or object to the permit.				
 ACCEPT: If you received a Standard Permit, you may sign the permit document and return it to the district engineer for final authorization. If you received a Letter of Permission (LOP), you may accept the LOP and your work is authorized. Your signature on the Standard Permit or acceptance of the LOP means that you accept the permit in its entirety, and waive all rights to appeal the permit, including its terms and conditions, and approved jurisdictional determinations associated with the permit. 				
• OBJECT: If you object to the permit (Standard or LOP) because of certain terms and conditions therein, you may request that the permit be modified accordingly. You must complete Section II of this form and return the form to the district engineer. Your objections must be received by the district engineer within 60 days of the date of this notice, or you will forfeit your right to appeal the permit in the future. Upon receipt of your letter, the district engineer will evaluate your objections and may: (a) modify the permit to address all of your concerns, (b) modify the permit to address some of your objections, or (c) not modify the permit having determined that the permit should be issued as previously written. After evaluating your objections, the district engineer will send you a proffered permit for your reconsideration, as indicated in Section B below.				
B: PROFFERED PERMIT: You may accept or appeal the permit				
 ACCEPT: If you received a Standard Permit, you may sign the permit document and return it to the district engineer for final authorization. If you received a Letter of Permission (LOP), you may accept the LOP and your work is authorized. Your signature on the Standard Permit or acceptance of the LOP means that you accept the permit in its entirety, and waive all rights to appeal the permit, including its terms and conditions, and approved jurisdictional determinations associated with the permit. 				
 APPEAL: If you choose to decline the proffered permit (Standard or LOP) because of certain therein, you may appeal the declined permit under the Corps of Engineers Administrative Apper completing Section II of this form and sending the form to the division engineer. This form must division engineer within 60 days of the date of this notice. 	eal Process by			
C: PERMIT DENIAL: You may appeal the denial of a permit under the Corps of Engineers Administrative Appeal Process by completing Section II of this form and sending the form to the division engineer. This form must be received by the division engineer within 60 days of the date of this notice.				
D: APPROVED JURISDICTIONAL DETERMINATION: You may accept or appeal the approved uniformation.	ID or provide new			
 ACCEPT: You do not need to notify the Corps to accept an approved JD. Failure to notify the of the date of this notice, means that you accept the approved JD in its entirety, and waive all approved JD. 				
 APPEAL: If you disagree with the approved JD, you may appeal the approved JD under the C Administrative Appeal Process by completing Section II of this form and sending the form to th This form must be received by the division engineer within 60 days of the date of this notice. 				
E: PRELIMINARY JURISDICTIONAL DETERMINATION: You do not need to respond to the Corp preliminary JD. The Preliminary JD is not appealable. If you wish, you may request an approved appealed), by contacting the Corps district for further instruction. Also you may provide new inform consideration by the Corps to reevaluate the JD.
