Whitehall Industrial Site Wetlands & Cultural Encumbrances

Site Exhibit for
Whitehall Industrial Site
Concordia Parish, LA

Key Site Points:

- 10 archaeological sites and 4 isolated finds were discovered by TerraXplorations, Inc. during the Phase I Cultural Resources Survey.
- All archaeological sites and isolated finds were considered ineligible for the National Register of Historic Places (NRHP), and it was recommended no further cultural resources investigations were necessary.
- The State Historic Preservation Office (SHPO) has reviewed and concurred with the findings of the report.

General Notes:

1. The information presented herein is for planning purposes only. Further detailed due diligence MUST be completed prior to making decisions regarding the site.
2. No attempt has been made by CSRS, Inc. to verify site boundary, title, actual legal ownership, deed restrictions, servitudes, easements, or other burdens on the property, other than that furnished by the client or his representative.
3. Transportation data from 2023 TIGER datasets via U.S. Census Bureau at <https://www.census.gov/geographies/mapping-files/time-series/geo/tiger-line-file.html>.
4. Aerial imagery is compiled from multiple different sources to create one cohesive image and may not reflect current ground conditions.
5. Potential wetland data was derived from the 2024 Wetland Delineation Report completed by Chenier Environmental Consulting.
6. Cultural resources data was derived from the 2024 Phase I Cultural Resources Survey completed by TerraXplorations, Inc.
