Re: Gateway II
83 Acre Development
Ascension Parish, Louisiana

Dear Mr. Cavanaugh:

This in response to your email dated March 25, 2013, concerning the above-referenced project. There are no known archaeological sites located within the Area of Potential Effect of the proposed project. However, 16AN1 (The Broussard Mounds) is located less than a mile from this property. This is a significant archaeological site.

Given the presence of 16AN1, the proximity to New River, and the limited amount of archaeological survey conducted within the APE, our office believes that a Cultural Resources Survey is warranted. If you have any questions, please do not hesitate to contact Rachel Watson in the Division of Archaeology at (225) 342-8165 or rwatson@crt.la.gov.

Sincerely,

Pam Breux
State Historic Preservation Officer
