

# Map Two - Known Pipelines and Recognized Cultural Concerns

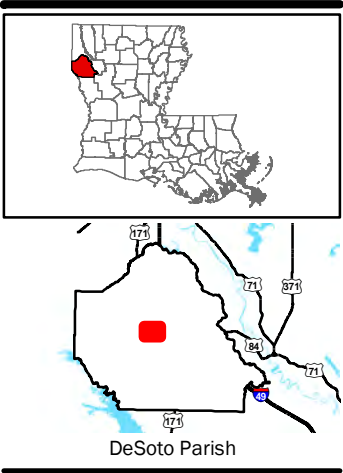

## Key Site Points:

- According to the SHPO database, no known archaeological sites exist at the site. A Phase I Cultural Survey may be required to determine historical artifacts on the remaining portion of the property.
- National Pipelines Mapping System indicated there is a natural gas line approximately 1.3 miles Southeast of the site. Capacity information will have to be verified by the owners of the line.
- Historical Topographical Maps indicate that no dwellings existed on the property in 1957.
