Jamestown Business Park LA Dept. of Wildlife & Fisheries Letter

RE : Potential Louisiana Economic Development Certified Site – Jamestown Business Park

Dear Ms. Wannamaker:

Staff of the Louisiana Department of Wildlife and Fisheries (Department) have reviewed the gopher tortoise survey results and the photographs of the proposed Jamestown Business Park site near Hammond, LA, that you provided on September 29, 2021. After consultation with the Department's herpetologist, the Department concurs that the project will not likely impact gopher tortoises or their burrows.

If at any time gopher tortoises or their burrows are encountered within the project area, please contact Nicole Lorenz at 225-765-2643 or nlorenz@wlf.la.gov. If you have any questions, or need additional information, please contact Carolyn Michon, Wildlife Diversity Program Biologist, at 225-765-2357 or cmichon@wlf.la.gov.

Sincerely,

A handwritten signature in blue ink that reads "Nicole Lorenz".

Nicole Lorenz, Program Manager
Wildlife Diversity Program
