Dear Jon Glass:

We acknowledge receipt of your letter dated 1 May 2025 and one copy of the above referenced report. The submittal is considered Due Diligence. Our response is for preliminary, informational purposes only. The opinion stated below could change once the responsible federal and/or state agency initiates consultation with our Office and provides their determination of effects.

The submittal of this information is not a substitution for consultation under the National Historic Preservation Act and the National Environmental Policy Act.

We have completed our review of this report based on the information submitted and have the following comments to offer:

In our Office's opinion, sites 16VN4401, 16VN4402, 16VN4403, and 16VN4404 are not eligible. The Divisions of Archaeology and Historic Preservation have no further concerns for this project.

The federal agency is responsible for determining the eligibility of archaeological sites and the built environment. Our Office's opinion may change when the federal agency initiates consultation on this project.

We are accepting the report as final; no further submissions are necessary. If you have any questions, please contact Chip McGimsey at cmcgimsey@crt.la.gov or 225-219-4598.

Sincerely,

Chip McGimsey
