Importance: High

Rachel,
In response to you letter for Section 106 review, our response is the following.

1. The Bridgeview Park is a private development located in Jefferson Parish. The site will be listed in the Louisiana Economic Development (LED) Certified Sites program as a shovel ready site. This site is zoned industrial and the adjacent properties are also zoned for industrial use. Presently there is no specific project design since it will be determined by the buyer of the property. At the present time the site, which has existing infrastructure capabilities for future development, will be listed under the Louisiana
