ATTN: Mike Henry
2323 Highway 190 East, Suite 2
Hammond, Louisiana 70401

Mr. Henry:

As requested in your letter dated May 24, 2018, the authorization granted by the Secretary of the Army in permit dated, July 2, 2010, from the District Engineer at New Orleans, Louisiana, to clear, grade, and deposit fill for the construction of a commercial development known as Conrad Anderson Industrial park, located on Airport Road, south of U.S. Highway 190, in Hammond, Tangipahoa Parish, Louisiana, is specifically extended to 31 August 2021.

The conditions from previous authorizations to which the work is made subject, excepting the time limit for completion, remain in full force and effect.

A copy of this permit approval letter must be conspicuously displayed at the project site. Also, you must keep a copy of this signed letter at the project site until the work is completed.

This is the last extension of time that will be granted for this permit without a full permit reprocessing. It will be necessary for you to reapply for a permit to perform any work beyond the date granted under this authorization. It is possible that, as a result of the new evaluation, your request for a time extension could be denied or the authorization for a portion of your project could be significantly modified.

Should you have any further questions concerning this matter, please call Kara Vick of this office at (504) 862-2279.

BY AUTHORITY OF THE SECRETARY OF THE ARMY:

Martin S. Mayer
Chief, Regulatory Branch
for
Michael N. Clancy
Colonel, US Army
District Commander
