Dear Ms. Breaux:

The Town of Olla intends to certify its existing site for industrial development through the LED Site Certification Program in LaSalle Parish. The comments of your agency are required as a prerequisite to completing the LED Site Certification Form.

The attached map shows the location of the Town of Olla's proposed industrial site, which is located to the west of the Town of Olla.

The Town of Olla requests input from your agency regarding potential impacts that industrial land development of the site shown may have on historic sites, cultural and/or archaeological resources.
